## European Day of Languages

*Everyone* wants to be able to express themselves and be heard. We talk about the importance of language every year on September 26 on the occasion of the Day of European Languages. Our institution also celebrated the European Day of Languages, which has become traditional.

Our institution also celebrated the European Day of Languages, which has become traditional. Teachers of foreign languages began their lessons with an informational moment, during which they introduced students to interesting facts about different languages not only of Europe, but of the whole world.

Despite the fact that education is now conducted in an online format, the teachers of the methodical association of foreign languages showed creativity and created exciting online quests for students. During the course of which children had the opportunity to show their intelligence and erudition. 235 elementary school students and 154 high school students took part in the tests. All students received bright certificates after successful completion of all stages. We thank all the students for their active participation in the celebration, and also sincerely congratulate the winners of the game!

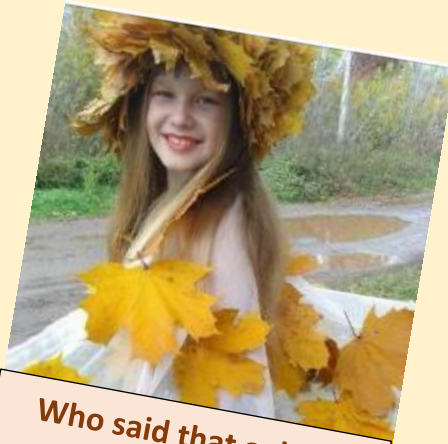

## Photo marathon "Magic autumn!"

"Autumn is the time to drink tea, eat cookies and fall in love with a new book. It's time to build a warm house out of blankets and read good books."

Who said that a dress necessarily needs.

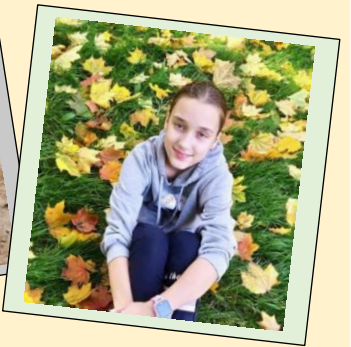

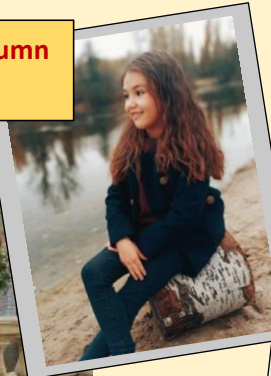

It turns out that you can find toys not only in your room!

Autumn is the brightest and most beautiful season of the year! She gives us a small crimson leaf that covered the ground with a colorful carpet. I want to enjoy the beauty of nature and remember every moment! That's why the whole "Suzirya" family went to the "Beautiful Autumn" photo marathon. Students on "Facebook" on our school website shared their unique photos against the background of nature at this most magical time of the year.

Autumn is not only beauty, but also a generous harvest.

The combination of girlish and autumn beauty is amazing!
