HAPPY BIRTHDAY, MY NATIVE «SUZIRYA»!

From April 1 to 7, the week of our educational institution was traditionally held. Each class team created a congratulatory video in

which congratulations are heard, bright and happy moments of school life are remembered, wishes and hopes are expressed to be together again in the walls of their native school.

Congratulations rang out from parents and friends, from graduates of previous years, as well as from the youngest elementary school students.

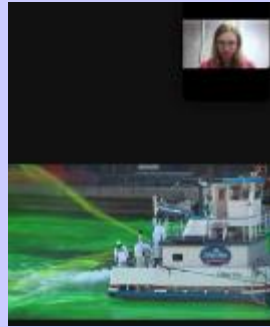

St. Patrick's Day

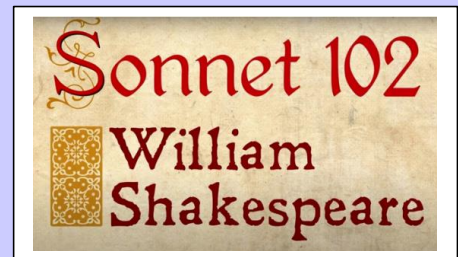

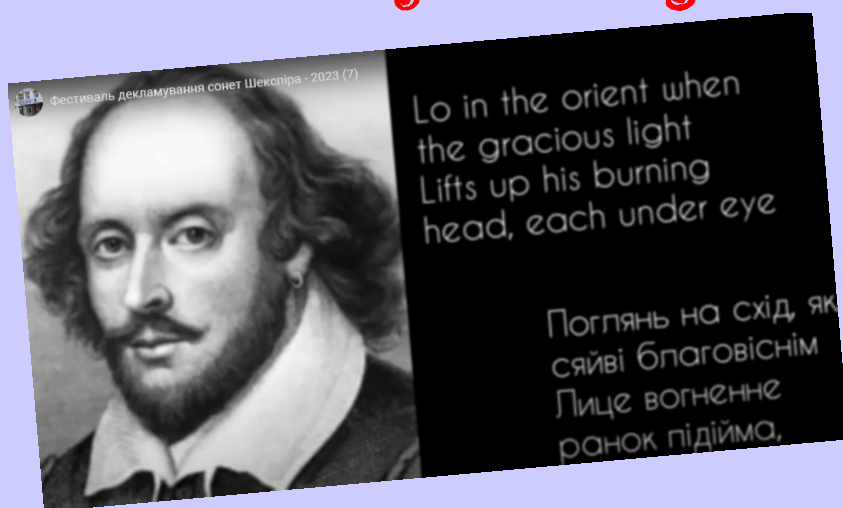

07.04.23 English language lessons for 5-B and 5-B graders turned into a real entertainment and fairy-tale event, because St. Patrick became a participant in the educational process of fifth-graders.

During the online event, students not only got acquainted with the traditions of the celebration and the main attributes of "St. Patrick's Day", and completely adopted the fairy-tale atmosphere! The students happily completed a number of tasks, solved a crossword puzzle, took part in an online quiz, put together a puzzle and went crazy with online games. Learning is a sure of this.

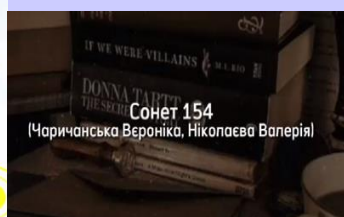

Festival of reciting Shakespeare's sonnets

Among the series of events that we celebrate in the spring, in April there is a day that is special for all fans and connoisseurs of English literature: they celebrate the birthday of the most famous English poet and dramatist William Shakespeare. In the supporting institution "SUZIRYA" for 5 years in a row the Festival of reciting Shakespeare's sonnets takes place, in which students of grades 8-11 participate, but this year we were joined by graduates of 2018 and teachers of the methodical association of teachers of foreign languages.
